

# Dance Shoes, Tights & Accessories Guide

Please note, where multiple colours or styles are listed, we encourage purchasing the tan option as the feminine option and black for the masculine option, as these are typically our preferred class styles.

Closer to performances or productions, the **CSP (Costumes, Shoes and Props)** document may specify black or an alternative style/colour to better suit costume requirements.

We always aim to keep dance as affordable as possible and avoid any unnecessary changes or duplicate purchases.
